Remember: The new discounted raffle ticket price: \$5 for three tickets

Or you can still buy one for \$2:00. Three draws.

PRESIDENTS REPORT

What a busy month the club has had with the following events'

RAI VALLEY A&P SHOW

Once again, we did the gates for the committee, special thanks to Debbie for arranging the roster and supplying the gazebo, seats and lemonade for our members to seat in and enjoy the music. Thank you to those who assisted with the manning of the gates, and those who did two shifts you are stars. It was a great day.

CONVENTION 202E HELD IN BLENHEIM

As a club, we assisted with the registration desk checking members in and handing out the packs on Friday night and a short time on Saturday morning before the convention. It was pleasing to see our club well represented at all functions and as well dressed up to the theme "Role out the barrel"

Next year The New Brighton's Lion Club will be hosting the convention. This is our Incoming District Governor Peter Gamble club and the theme is the luck of the Irish. We have plenty of time to think about who is attending and dressing up. I encourage all members to attend the convention I'm sure IDG Peter will have a few tricks up his sleeve so we might have to brush up on our maths as he is a maths teacher.

HAVELOCK MUSSEL FESTIVAL

*As usual all hands-on deck with this event and it was great to see so many members coming to help Thank you everybody
It is a huge commitment for the day.*

MONTHLY MARKET DAYS

*March Market was the last of the monthly markets. We will be having a Shortest Day market in June. These markets are going well since the shift of location
Thanks to Ian and Janet Brownson for the idea.*

SEDDON LIONS VISIT AT OUT DINNER MEETING

I would like to thank the three Lions who attended our dinner meeting at the Slip Inn last month. I hope they enjoyed themselves especially the guest speakers Rick Edmonds and Ross Brownson who spoke on the Linkway Pathways. This was a very informative presentation and I think everyone enjoyed it especially the history it has unearthed e.g. the Bridal Track and the WW2 Levine.

KIDNEY KIDS KAN TABS PROJECT

The wine caps are slowly mounting up as well as pull tabs. Kidney Kids is a non-profit organisation which was founded in 1990 to provide emotional support and help to parents of children with kidney disorders, it doesn't mean that by collecting the pull tabs and wine capsules you are helping to pay for dialysis treatment Our tax dollar pays for it. Approx. 1200 plus New Zealand children require dialysis treatment per year or additional support from The Kidney kids project.

The slogan

“A can pull tab is worth a second in the life of a child on a dialysis machine: This slogan adopted by the support of the Southern Lions club members first. Then it grows into the 202E area. Most Lions clubs are collecting pull tabs and wine capsules in the 202E area. Greymouth Pakahe Lions took out the trophy at the last convention.

As well collecting pull tabs wine capsules the pull tabs on salmon and tuna tins made of aluminium are collected and then sold for the metal content. About 3600 pull tabs are required to make a kilo. It's not much for each person but the children will collectively benefit a lot. The Havelock Hotel continues to help us collecting wine capsules and tabs for us also a Resene tin is at the Havelock Fire Brigade. Resene Paints also came on board with supplying red, Black and White tins for putting the tabs in over the years every time you open a can, tear off the tab and place it in your pocket then into the Kan tabs tins where ever you see one.... somewhere in New Zealand a sick child will thank you.

If you want to you can drop yours pull tabs or wine capsules to our place and we will make sure that Blenheim Lions receive them.

President Anne – Signing off.

HIGHLIGHTS FROM BOARD MEETING

President Anne has arranged a fun evening for our dinner meeting on Tuesday 18th April. Make sure you bring three \$1 coins with you, so that you can join the game.

Vacancies for all positions on the Board for 2017/18 have now been filled, with the exception of the 1st and 2nd Vice Presidents and one member of the Membership Committee. As Lion Carol has withdrawn her name as Director, there are now four Directors to fill the four vacancies and the Board resolved that voting can be by show of hands at the dinner meeting on 18th April

The Board have been considering a polo or tee shirt which Club Members can purchase. Examples of what is on offer will be on show on 18th April.

A reminder about the Darts and Dessert night to be held in Muff and Paul Newton's farm on Saturday 22nd April. Numbers attending will be taken on 18th April.

Also at the meeting will be taking names of those who are able to host one or more of the three Finnish students for some time during their stay (1-15 July) and of those who are able to host the three Japanese students here between 12th August and 28th August.

A Marlborough District Council representative is shortly to visit Havelock to approve the position of the electric barbecue at the Domain, which we are donating, thanks to a generous gift to the Club.

Thanks to Lisa Sandrey's "inspiring conversation" (his words) with Motueka Club President Mike Brown, Mike is looking to start a Leo Club at Motueka High School. He is shortly to visit Rai Valley Area School to see how their Club operates.

"Shortest Day Market" is on 17th June at the Havelock Town Hall. Will be looking for names of those able to help at this Market at our May Dinner Meeting. Meanwhile, please spread the word around potential stall holders.

The Board sadly farewelled Lion Carol (who is stepping down) and Lions Tracy (she and Mark are leaving the district) from our Board. Tributes were paid to their enthusiasm, their hard work and their ideas during the time they served the Club. Their work was applauded.

DISTRICT 202E AWARDED DISTRICT EXCELLENCE AWARD: 2015-16 YEAR

Announced at the District Convention District 202E was awarded the District Excellence Award following advice from Lions Clubs International.

The Excellence Award is an achievement not only for the district, but also for the clubs that the district supports. It advances community service, membership growth and leadership development.

There are two types of requirements. Required achievements are mandatory and reflect the aims in the Club Excellence Award. The second section lists 25 options. Your district can choose ten achievements that address the unique needs of the clubs within 202E.

Upon achieving the requirements, the then District Governor (IPDG John Rodger) was able to recognize certain members of the DG Team, Zone and region chairpersons receive a handsome lapel pin while you and your vice district governors, GMT Coordinator, GLT Coordinator, Treasurer, Secretary, LCIF Coordinator and Cabinet Chair Community Services received a prestigious medal.

Here are a few details about the award.

REQUIRED ACHIEVEMENTS: *All five requirements must be met to qualify!*

Five Elements of Excellence – *The requirements below are the same requirements outlined in the Club Excellence Award, but adjusted for the district governor team.*

1. SERVICE – *To qualify, 90% of the clubs in the district must conduct a service project*

2. MEMBERSHIP – *The district must achieve a net increase in membership or charter a new club.*

Members are needed to support projects and events such as Just Ask, Club Quality Initiative, Membership Satisfaction, New Club Development Guide.

3. COMMUNICATION – *A district governor team member must visit the officers of each club during a single or multiple club event.*

One of the most important roles as a district governor team is to communicate regularly with the clubs and the leaders in the district. Team Approach to Club Visits – This helpful guide outlines the benefits of sharing club visits with your team and tips that make sharing visits successful!

4. LEADERSHIP DEVELOPMENT – *The district must provide training and mentoring for club officers and other current and potential leaders.*

Ongoing leadership development is critical for the long-term success of the district. LCI offers plenty of material for both position specific training or leadership development to help each leader reach his or her potential.

5. CLUB DEVELOPMENT – *Ninety percent (90%) or more of the clubs are active and in good standing.*

ADDITIONAL ACHIEVEMENTS: *In addition to the required achievements noted above, the district completed 15 of 20 achievements. (Only 10 achievements are needed to receive the award.) Some of these achievements include*

- *Host a new member orientation to strengthen commitment and retention;*
- *Host a Certified Guiding Lion Seminar;*
- *Host an Extension Workshop or plan an extension initiative*
- *Achieve a net increase in membership and charter a new club*
- *Charter a new Leo club*
- *Conduct Club Officer Training*
- *Conduct District Officer Training*
- *Check the Club Health Assessment to ensure that 90% of the clubs submit a Membership Report by the end of the year*
- *Check the Club Health Assessment to ensure that 100% of the clubs submit the Club Officer Report (PU-101) before the close of the year.*

IPDG John Rodger
